- | Temperature Range | String to Print |
|-------------------|-----------------|
| 31 and below | cold |
| 32-50 | cool |
| 51-70 | moderate |
| 71 and above | warm |

```
public static void main(String[] args) {
    for(int temp = 30; temp< 75; temp++) {
        System.out.print("Temperature: "+temp+" is ");
        temperatureGrading(temp);
        System.out.println();
    }
}
```
